**BROCHURE 2022-23**

# ABOUT THE DEPARTMENT

The Department of Computer Science and Engineering (CSE) was introduced in the year 2016 **under the affiliation of Maulana Abul Kalam Azad University of Technology (erstwhile West Bengal University of Technology)**. The department provides students with high-quality technical education in order to meet the needs of the current product-based market demand. The faculty is well-experienced and the labs are well-equipped with new technologies, allowing students to improve their skills and knowledge in order to build a successful career. In spite of having a new start, the success and growth of this department are appreciable due to the continuous effort of faculty staff and enthusiastic students. Students' participation in various events imparts excellence and quality in engineering education, which is an emerging value-based tradition. The Department of CSE focuses on producing competent software developers, system designers, and network programmers through innovative teaching-learning practices and keeping abreast of the latest developments and technological transformations in computer science and engineering for social benefits. The department is in a growing and developing state now and the graduates of the CSE department are placed in renowned IT industries.

# VISION OF THE DEPARTMENT

Become a preeminent academic powerhouse with a reputation for innovation and outcome-based education while developing students into globally competent professionals with expertise in software development through a conducive teaching and research environment that responds quickly to the challenges of an ever-changing world.

# MISSION OF THE DEPARTMENT

- To achieve academic excellence by providing students with in-depth knowledge through effective pedagogies and hands-on experience with cutting-edge tools and technologies.
- To inculcate problem-solving and team-building skills and promote a culture of entrepreneurship, innovation, and start-ups among the students.
- To offer continuing educational programmes and pursue interdisciplinary research in the emerging areas for the benefit of stakeholders.
- To prepare students to be lifelong learners in a connected world by instilling in them professional skills and ethical responsibilities.

## HOD's Message

Since its foundation, the Computer Science and Engineering Department at R.K.M.G.E.C. has set high standards and is on track to carry on the tradition for years to come. It is an honour to serve as the department's H.O.D. and to be a part of its efforts. The department is confident in its students' ability to leave a global impact, which is aided by a pool of highly qualified professors. Students are encouraged to take on difficult projects. All students are mentored to ensure that they adhere to a philosophy that does not limit their ability to learn. The professors of the CSE department work hard to prepare our students and nurture them so that they can build a strong foundation for the next level.

Dr. Prasun Halder  
Head Of the Department

## Faculty Profile

Mr. Pabitra Roy

Dr. Bikash Choudhury

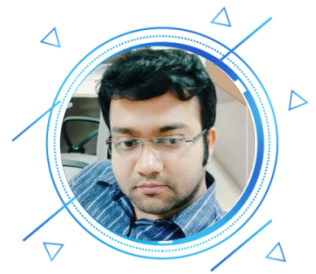

Ms. Tanushree Garai

Dr. Abdur Rahaman Sardar

Mr. Surajit Manna

Mr. Anit Kumar Ghosal

Mr. Shymal Kuili

Mr. Sukanta Ghorai

# LABORATORIES

--Programming Lab --

-- DBMS Lab --

-- OOPs & Networking Lab --

## FACILITES & TECHNOLOGIES

- Basic Programming (C, C++)
- JAVA & Object Oriented Programming
- Python
- Web Development
- Matlab
- DBMS

# FOCUS OF THE DEPARTMENT

The department emphasizes practical education by carefully administering appropriate lab work to supplement their theoretical knowledge. For years, this department has worked hard to portray its faculty members as mentors who can help students grow outside of the confines of classrooms and books. Students' and alumni's success stories go far beyond academic achievements. This department's students have consistently excelled at organizing extracurricular events such as sports activities, Freshers' Welcome, Farewell, and NSS activities. The department is committed to providing students with the skills they need to move beyond academic realms.

## STUDENTS' ACTIVITY
